Four Ways to Spring Clean your Diet

Why not make this season the one in which you optimize what you eat? Try these simple suggestions:

1. Cut out trans fats. Avoid margarine, vegetable shortening and anything that contains hydrogenated oils. Instead, use heart-healthy extra virgin olive oil.
2. Eat "true" whole grains— that is, grains that are intact or broken into large pieces, rather than ground into flour, instead of refined grains. You will feel fuller, in part because of the higher fiber content whole grains provide.
3. Load up on fresh fruits and veggies. Make a colorful salad— red and yellow peppers, dark leafy greens, ripe tomatoes— part of one meal every day. And add a fresh fruit salad as a delicious and healthful alternative to unhealthy desserts.
4. Take in fewer calories. A simple way to do this is to skip the fast food and prepackaged snacks— instead, have veggies and hummus, almond butter and an apple, or a homemade sandwich with organic proteins and fresh veggies.

HOW YOU CAN HELP

The Church is in need of the following, if you are able to assist, please contact the church office:

- Children's Wooden Play Table with Chairs
- Children's Religious Framed Artwork (for "cry" area)
- Upholsterer— for items on the Altar and in the bride room
