Could it be real? The veteran film maker sought to find out by bringing seven strangers of different backgrounds to help investigate the truth. Of 170 entries, the film crew chose a diverse, unbiased group for the free trip and documented their entire journey. Contestants included a young mother with stage 4 cancer, an atheist from England, an agnostic Chicago police officer, a man suffering from ALS, a heroin addict and former felon, a father of nine who lost his wife to cancer, and a woman questioning her faith. Will their climb atop Apparition Hill find a modern-day miracle or the most spectacular hoax in history?
